In addition to our solicitude for the prosperity of the whole country, as affeeted by the present unjust discrimination against silver, we have a persenal interest in the question so far as it has been used as an argument for clasing the Carson Mint. We charge the Democratic leaders in

this State under distallon of Senal Fair, with having conspired against the Carson Mint, and with having caused its doors to be closed against gold and silver producers of this State. We condemn the action of the Demo-

We faver also ute exclusion of the Chinese from this country, now and forever, and we call attention to the fact that the proposed Exclusion Act introduced by Fenator Mitchell, a Republican Senator from Occon, was passed by a Republican Senate, and was subsequently rejected by a Demo eratic House of Representatives. We recognize that the people of the entire country, whenever they become acquainted with the merits of this question, coincide with the Pacific Coast view, but we wish distinctly to point ou: that so far as effective action on this great subject is concerned, the Republi can party has shown its carnestness in the matter by attempting legislat on for the benefit of the people.
